RE: Lower Darby Creek Area Superfund Site – Philadelphia, PA  
104(e) Request for Information

Dear Mr. Nishitani:

This letter will confirm our telephone conversation today in which you agreed to grant Cargill, Incorporated a two-week extension of time in which to respond to the U.S. Environmental Protection Agency's Section 104(e) request for information (RFI) for the Lower Darby Creek Area Superfund Site. Cargill's receipt of the RFI on Monday, July 14, 2003 established an initial fifteen-day response due date on Tuesday, July 29. This extension of time now sets Cargill's response due date on Tuesday, August 12. Thank you for this extension.

You and Patrick Egan also indicated to me last week that there is a waste hauler interview transcript and possibly other documents that indicate Cargill may be implicated at the Site. I would appreciate it if you would kindly forward copies of these documents to me as soon as possible as they may assist us in thoroughly responding to the RFI.

Please contact me if you have any questions.

Sincerely,

Christopher M. Haack
